

## Automatic PCB Screen Printing Machine(GW-5070ATC)

Zoom

Model number: GW-5070ATC

Printing area: 500\*700mm

Printing speed: 600 pieces per hour

Machine size: L3000\*W1450W\*H1750mm

MOQ: 1 set

Payment terms: T/T,western union, paypal

Package way: plywood

Delivery way: by sea

Lead time: within 20days

Worktable size: 600\*700 mm

Describe

### Automatic pcb screen printing machine

#### Feature:

automatic feeding--in addition to static dust--automatic feed ---alignment---automatic print---discharge .

Machine accessories top configuration, France,Italy and Japan Brand parts.

CCD auto-alignment system , imported from Japan.

Servo motor and servo motor from the network printing, off-grid synchronization functions,to prevent the phenomenon of sticky web .

Multi-valued image processing system , Graphics are not restricted, Graphics can be used for any target .

Motor servo drive printing, fast and smooth, accurate printing to ensure correct.

#### Function:

professional to rigid printed circuit board,circuit,solder mask green paint, text and hard surface material ,pcb, pcb board, hard surface board, box board, hard paper for print jobs.

#### Technical parameter:

Max.print size:500\*700mm

Max.frame size:900\*1150mm

Worktable size:600\*700mm

Printing speed "550piece/hour

CCD alignment accuracy:+-0.005mm

stock thickness:0.8-10mm

mechanical repeatability:+-0.01mm

manifold air pressure:0.5-0.6Mpa

Electricity:380v/3kw 3p

Machine external (dust machine):L1200\*W1000\*H1200mm

Overall the machine(press):L3000\*W1450W\*H1750mm
